SUMMARY

An enthusiastic Graphic Designer with 3 years of experience in Graphic Design. Proficient in Graphic Design software Adobe Photoshop and Adobe Illustrator, Video Editing Skill using Capcut or Premiere Pro, and Motion Design using After Effects for 1 year experience.

EXPERIENCE

07/2026 - Present

Content Marketing Specialist
PT Tanindo Anugerah Nusantara ↗

- Content Strategy & Scriptwriting: Developed content ideas and wrote scripts for educational, product and investor-focused videos on water treatment and bottled water (AMDK) plant solutions. Initiated most of the content plan independently and aligned it with management direction.
- YouTube Channel Management: Managed the company's YouTube channel end-to-end, from concept and production to publishing. Optimized each video's title, description, chapters, tags and thumbnail for search visibility and lead generation.
- Video Production & Editing: Filmed on-site at factories and project locations, captured technical B-roll of machinery and processes, and edited long-form horizontal videos along with motion graphics.
- Machine Product Content: Produced hard-sell, soft-sell and long-form spec explainer scripts and videos for AMDK machinery (filling, rinsing, capping and RO systems) for partner brands such as Luye, translating technical specifications into language buyers can understand.
- Graphic Design: Designed visual assets for Instagram, TikTok and other promotional materials while keeping the brand consistent across all channels.
- Website & SEO Alignment: Acted as the internal liaison with the external web and ads agency, aligning YouTube content with website articles and SEO direction, and giving input on content topics and campaign messaging.
- Lead Generation: Designed content calls-to-action (CTAs) that direct viewers to WhatsApp consultations, supporting the inbound lead pipeline for the sales team.
- Performance Reporting: Prepared monthly marketing reports on channel growth, content performance and incoming leads for management review.
- AI-Assisted Workflow: Built AI-assisted production workflows that cover transcript-based metadata generation, thumbnail prompting and B-roll planning, which significantly reduced turnaround time per video.

08/2021 - Present

Freelance Graphic Designer
Prosperity Project ↗

- Logo Design for BeDa: Bebek Kang Dadan: Developed a logo that reflects the unique identity and delicious offerings of Bebek Kang Dadan restaurant, focusing on both traditional and modern elements.
- Logo Design for KadoMe: Created an elegant and inviting logo for KadoMe, a gift-giving platform, ensuring the design resonates with the target audience.
- Instagram Social Media Package for AF Medika: Designed a comprehensive social media package for AF Medika, enhancing their Instagram presence with visually appealing and informative posts.
- Promotional Video for Chipaws: Produced a dynamic promotional video for Chipaws, highlighting their products and engaging the audience through creative storytelling.

- Motion Graphic Logo for Entrance: Created a captivating motion graphic logo for Entrance, incorporating fluid animations to enhance brand recognition.
- Poster Design: Crafted eye-catching posters for various events and promotions, ensuring each design effectively communicates the intended message.
- Brochure Design: Designed informative and visually appealing brochures for different businesses, helping them present their products and services effectively.
- Banner and Promotional Banner Design: Developed banners and promotional banners that stand out and attract attention, suitable for both online and offline marketing.
- Instagram Reels: Created engaging Instagram Reels, utilizing trendy and relevant content to increase engagement and reach on the platform.
- etc.

03/2025 - 12/2025

Graphic Design
CV Rabbani Asysa

- Managed visual content creation for 3 product-focused brands: Kemko(men's Muslim shirts), Hiro (youth casual fashion), Palestine (sarongs)
